

Veteran Employment Symposium

‘Veteran Ready Canada Declaration’

1. **We support** the National Veterans Employment Strategy to create a community of "Veteran ready" employers. We commit to working towards achieving "Veteran ready" status as defined by the criteria developed in the future.
2. **We commit** to evaluating current human resources policies or developing new policies that support the success of Military - Veteran -Family (MVF) employees.
3. **We commit** to sharing best practices on veteran hiring, MVF policies and employment with one another and the broader community.

This proclamation represents our non-binding **intent to work collaboratively with the Canadian Armed Forces, including the Canadian Armed Forces Transition Group, the Chief of Reserves, Canadian Forces Morale and Welfare Services, and all Veteran-serving organizations to advance opportunities for transitioning service members, Reservists, Veterans, and their families.**

By aligning our efforts, we aim to create meaningful employment pathways and establish Canada as a leader in Veteran-friendly workplaces.
